

Happy and Blest Epiphany!

We celebrate today the Epiphany of our Lord Jesus! We celebrate this day when the Father's eternal plan of salvation is revealed to the world. The Magi come in recognition of this child's greatness and place before Him gifts of human value. The Christ child offers eternal gifts back to the magi-The gift is Himself. This gift is an eternal gift. It is the gift of friendship brotherhood and love. Jesus is God's gift to all creation, reordering all that is disordered.

The wise men, the Magi, travel great distance to pay homage to the King of Kings. Let us travel with the Magi. Let us be wise! As we travel along our pilgrimage let's learn from the Magi. Let us not wander through this life with out a destination, not knowing where we are going, being blown by the changing winds of opinion, values and humanism.

Jesus is God! He has come to us so that we might know Him. Let every day in your life be a celebration of the Epiphany. Everyday know that you are on a journey to see the King of Kings. Allow yourself to be the gift you give the Christ child everyday.

God Bless,

Fr. Jim
